

URGENT !!!!!

All Parties Unite to Re-elect John Schaffer for Town of Vestal Supervisor

This is OUR COMMUNITY!

Help stop the spread of "national-like campaigns" that are riddled with misinformation, promises that can't be delivered and outright lies! My opponents claim to have insight as to what Vestal needs, but they HAVE NEVER been to a Town Board Meeting to better understand our infrastructure, financials, personnel, growth and partnerships or community.

Is that who you want running the leading municipality in the County?

WHY SCHAFFER?

Because John:

- ~ Is the only candidate with a solid relationship with Binghamton University (BU)
- ~ Supports BU growth, professional & student housing needs
- ~ Has consistently supported BU's safety needs through Fire, EMS & Law Enforcement delivery
- ~ Delivers EVERY YEAR on fiduciary responsibilities -- Vestal has never exceeded the 2% tax cap
- ~ Successfully built reserves to address Capital needs without the need to secure Bonds
- ~ Continues to build local partnerships to focus on increased revenue to off-set tax expense
- ~ Delivers current market value assessments for our residents through Property Equalization and establishes valuation for Vestal which promotes opportunity at the State and County levels.
